

## Around the Square

Hartman's Pharmacy made out its 100,000th prescription Friday night. And, according to Owner Rudy, the mark very nearly wasn't reached until the next day.

It was closing time, and the figure stood at 99,999. Mr. Hartman locked the door and picked up his hat to leave. Suddenly there was a banging on the window. Yes, it was his 100,000th prescription.

Ever noticed the "race track" conditions at Baldwin and Kersting Court? We have. It gets most hazardous early in the morning and late at night. To avoid the inevitable accident there, why not slow down? The city could encourage this by posting suitable "caution" signs.

Hank Mann, impressario of the News Stand, told us about a once-in-a-lifetime oddity that happened to him back in 1932. He received at his Hollywood restaurant a dollar bill which he had signed and given a friend in New York 14 years before. Hmmm! The odds of that happening probably are a million to one.

Let's put the brakes on Sierra Madre's increasing rate of vandalism. Isolated cases of "hoodlumism" have become more and more frequent in recent weeks. The latest acts caused costly damage to two local stores. Much of the responsibility rests squarely on the shoulders of parents. The paternal pat on the head and remark that "Johnnie is just a kid at heart," is hardly the way to discourage such acts.

This item came to us, reprinted, from the Fairchild (Calif.) Republican. We think it's good enough to re-print: "If you ever see a newspaper editor who doesn't offend a single subscriber, drop an extra wreath on his casket for us."

A freak grouping of stories brought forth giggles from L.A. Daily News readers. Their main headline on an inside page said, "L.A. School System Faces Airing." Adjacent to that headline was this one: "Smoking Rooms for L.A. Teachers Get New Support." According to Columnist Matt Weinstock, there was "no end" to the phone calls regarding the humorous story alignment.

**DON'T FORGET:** Turn on your porch light tonight if you have a last-minute donation for the March of Dimes.

### Coordinating Council Will Meet Tuesday

Sierra Madre's Community Coordinating Council will meet next Tuesday, Feb. 5, 8 p.m. at St. Rita's School.

Committee reports will be one phase of the meeting, according to Mrs. Daniel L. D'Arcy, president.

## Scrap Metal Collection Looks 'A Little Better'

Things were looking "a little better" this week in Sierra Madre's Scrap Metal Drive. The scrap pile at the lot east of the Woman's Clubhouse, 270 W. Sierra Madre boulevard, was steadily growing—far beyond the meager beginnings of last week. "If we keep at it, Sierra Madre's drive may amount to something yet," said Al Freeland, city water superintendent.

He again called upon householders to help get unused metals back into circulation. "Nearly everyone must have some scrap metal around the house or yard," Mr. Freeland pointed out. "It may be old water faucets, auto jacks, worn-out tool heads, tire chains, wheel drums, or car batteries." He emphasized, again, that the drive is not a money-making proposition, but a "sincere effort to help prevent critical shortages of metals needed in defense."

**PLOTTING** the membership campaign for the Sierra Madre chapter of American National Red Cross, which opens March 1, are five local officials and the guest speaker at Monday night's annual dinner. Left to right, lower row, are Mrs. Florence Peterson, executive secretary, Miss Clara Sykes, Fund campaign treasurer, and Mrs. James L. Malone, public information chairman; upper, R. C. Lewis, chapter chairman, Rollin Bach, executive manager of the Long Beach chapter, who was featured speaker at Monday's dinner, and Col. Charles E. Morrison, Fund campaign chairman. Following election of directors and speeches by Mr. Bach and Colonel Morrison, as well as annual reports, guests at the dinner watched the motion picture "Blood and Bullets."

## Local Mortarmen Serve in Korea

Sierra Madre Heavy Mortarmen, members of the 40th Infantry Division are now serving in Korean combat zones.

Letters received here state positively that at least some of the former National Guardsmen landed at Inchon on Jan. 22. It was not immediately known, however, if the entire company is in Korea. But by yesterday, Army officials still had refused to confirm the reports.

A letter from Cpl. Charles Davis was received Tuesday by Mr. and Mrs. Sam G. Davis, 115 E. Montecito. Written aboard ship, the letter said the corporal was to land at Inchon on the 22nd. Davis did not specifically say that other Sierra Madreans were with him.

Another mother reports that her son wrote home that he was then "within a few miles" of the front battle lines in Korea.

A macabre verification came Tuesday when it was announced that the first 40th Division soldier—a boy from Los Angeles—was "killed in action."

### BAKER, PACK TO ATTEND AREA CONFAB

City Administrator R. Merritt Baker and City Engineer Fred Pack will represent Sierra Madre tomorrow, Feb. 1, at a meeting to discuss flood control conditions in this area.

Bill Richards, city administrator in Arcadia, has called the meeting, according to Mr. Baker. Officials from several other Foothill towns will attend.

### Spears Offers Revised Map Of Subdivision

Harold Spears submitted a new map Thursday for his proposed subdivision on North Auburn.

Revised to five lots with 90-foot frontages, the map probably will have the "blessing" of other property owners in the area.

Mr. Spears said he proposes to dedicate a property easement for "light and air" on portions of the land declared by the Flood Control District to be subject to flooding. He reserved the right, though, to install driveways and do planting there.

The Planning Commission received a petition, signed by 16 property owners, asking that the area on Auburn above the junction of Hermosa be rezoned from R-1 to R-1L. They asked that frontages be restricted to 90 feet.

### Dollar Days Dates Set

Dates for Sierra Madre's second semi-annual Dollar Days have been set for Thursday through Saturday, Feb. 28, 29, and March 1.

Preliminary plans for the city-wide merchandising event were mapped at yesterday morning's breakfast meeting of the Sierra Madre Businessmen's Association.

### Classes Offered In New First Aid Technique

One-hour classes in the new method of artificial respiration will be offered Monday, Feb. 4, under auspices of the Arcadia American Red Cross Chapter.

Morning, afternoon and evening sessions will be taught by Don Stone, first aid field representative of the ARC. For information and reservations regarding the classes, contact Mrs. Florence Peterson, executive secretary of the Sierra Madre ARC.

### MRS. MURPHY QUITS CITY JOB

Mrs. Joseph Murphy has resigned her office job at the City Hall to take a position in private industry.

She ends nearly 6½ years of service on the city payroll. Her resignation becomes effective tomorrow, Feb. 1.

Mrs. Murphy, who formerly held the office of deputy city treasurer, will now do clerical work with Sierra Gems Inc., 105 N. Mountain Trail.

### JURY FINDS 'PROBABLE CRIMINAL RESPONSIBILITY'

A coroner's jury of eight Sierra Madreans ruled Thursday that there was "probable cause" of criminal responsibility in the traffic deaths Jan. 20 of a mother and her 4-month-old son. The two Monroviaans were killed in a collision on Foothill boulevard near Baldwin—Sierra Madre's "death corner." At the inquest

at Grant Chapel, jurors held that the deaths were accidental, but that Wilbur J. Ceder, 238 E. Colorado, Arcadia, was "probably criminally responsible."

Mr. Ceder was driving east on Foothill when his car suddenly swerved across the double white line to be struck by an auto driven by Ernest Paul Hayward, 1139 E. Orange, Monrovia.

Mr. Hayward was injured and his wife, Dorothy, and infant son, Paul, died in the wreck. Two other children were injured, as well as Mr. and Mrs. Ceder in the other car.

Although refusing to testify Thursday on constitutional grounds, shortly after the accident Mr. Ceder was quoted as saying that he saw a car stopping ahead of him and applied the brakes. Instead of

# MOTHERS TO 'MARCH ON POLIO' TONIGHT

### Filings Open Soon for City Election

First day to file nomination papers in Sierra Madre's municipal election is Friday, Feb. 8.

The election, slated for April 8, will be to fill two seats on the City Council and the offices of city clerk and city treasurer. So far, it appears that there will be no ballot propositions. Deadline for filing candidacies is 12 noon, Feb. 28. Councilman Charles James has announced that he will seek re-election to the Council. Mr. James was appointed to complete the unexpired term of Herman Barter when he resigned from the Council last October.

City Clerk Marie Warfel also has announced she will seek re-election. Mrs. Warfel has been completing the unexpired term of Lawrence Brain.

Councilman Henry Korsmeier and Treasurer Carlton J. Pegler, however, have not said what their plans are. Mr. Pegler told the NEWS this week that "it's too early yet to tell."

Nomination papers, available at the City Hall, may have "no less than five" and "no more than 10" signatures.

Final day in which voters may register for the city election is Thursday, Feb. 14—53 days before election day.

### Pellet Shatters Store Window

More than \$250 worth of damage resulted from the latest act of vandalism in Sierra Madre.

A pellet from an air pistol crashed through the large window of the Don Jackson Men's Store sometime Friday night, apparently fired from a passing car.

A crack appeared in the glass panel shortly afterward making the store window a total loss. Mr. Jackson estimated the loss "conservatively" at \$250.

### Citizens Give 200 Pounds of Old Yule Cards

Don Jackson reported Monday that "more than 200 pounds" of old Christmas and greeting cards have been turned in at his men's store for shipment to India.

"I'd like to thank Sierra Madreans for their prompt response," said Mr. Jackson, 18 W. Sierra Madre boulevard.

The local clothier will now ship the cards to Peter Caironi, a missionary of N. Malabar, Cherukunnu, India, who will remake them for resale. With the proceeds, the missionary will buy rice to keep India's lowly "untouchables" alive.

### Local Lodge To Get Honor This Sunday

Sierra Madre Lodge No. 408, F. and A. M., will be honored for "outstanding achievements" in Masonry at a special meeting in Los Angeles Sunday, Feb. 3.

The award will be made at the Masonic Temple, Pico and Figueroa, at 10 a.m.

Thomas C. Pollgreen, master of the Sierra Madre Lodge,

THOMAS C. POLLGREEN

... announces honor

said Harold Roberts, P.M., and John C. Mead, P.M., "deserve major credit for this honor."

### Lincoln's Birthday Will Close Schools

Pupils at City School and Ascension Parish Day School will have an extra-long weekend because of Lincoln's birthday, a legal holiday, which falls on Tuesday, Feb. 12.

Students will have off both Monday and Tuesday. A spokesman at St. Rita's School, however, said that they will be closed Tuesday, but not Monday.

### Local Search, Rescue Crew Aids in Hunt

Sierra Madre's Search and Rescue Crew took part in the all-night hunt for two "lost" hikers separated from a church hiking party Saturday afternoon.

The two 15-year-olds, Virgil Bumpass and Kenneth Meidlein, both of Alhambra, walked unharmed into the Hennin-

### A.R.C. SEEKING STUMP SOCKS

Sierra Madre knitters were alerted today to work on a new project of the local Red Cross Chapter.

The chapter has received a "quota request" for stump socks for amputee servicemen at the Veterans Administration Hospital at Long Beach.

Mrs. Florence Peterson, executive secretary, said yarn and knitting directions are available at the Chapter House, 41 S. Baldwin avenue, from 10 to 12 noon, and from 1 to 3 p.m.

### FAMILIES ASKED TO LEAVE PORCH LIGHTS BURNING

Sierra Madre mothers—76 strong—will march on polio tonight (Jan. 31) throughout this community. It will be the third annual Sierra Madre "Mothers' March on Polio" and will be part of the Los Angeles County drive to raise an additional \$500,000 for polio needs during 1952. Armed with pots and pans, the volunteer mothers will call on every family whose lighted porchlight indicates a desire to contribute to the March of Dimes. The last-minute canvass will be between the hours of 7 and 9 tonight.

Those living in apartment houses may tie some object to their doors as an indication of welcome to the parent-solicitors, according to Mrs. Jack Butler, chairman for Sierra Madre.

Mrs. Butler asked Sierra Madreans to "open your hearts to these mothers who want to help the March of Dimes and all polio patients."

She added that more than 90 county communities are participating in this "Mothers' March on Polio" which closes the 1952 March of Dimes campaign.

"Don't let your community down. By giving generously, you may save a life," Mrs. Butler said.

After the march, mothers will turn in their money at the city parkhouse, where coffee and cookies will be served by the Civic Club.

### St. Rita's School Plans Get City OK

St. Rita's School expansion program was given the "green light" at an adjourned meeting of the Sierra Madre Planning Commission Tuesday evening.

There being no protests, the planners granted the school's variance request. Fr. Thomas O'Malley, C.P., appeared at the meeting on behalf of the parish.

School plans call for the construction of four new classrooms and other auxiliary facilities. When completed, the project will double the capacity of the present building.

### Scout Paper Drive Continues

Public response was termed "good" this week in the paper drive being sponsored by Sierra Madre's Boy Scouts.

The campaign is underway to raise funds for summer camping.

If you have old papers, call either C Uster 5-4319 or C Uster 5-6279 days; C Uster 5-6701 or C Uster 5-1813 evenings. Scouts will arrange for the pickup.

### CIVIL DEFENSE COUNCIL ISSUES FACT BULLETIN

Sierra Madre's Civil Defense Council has undertaken a policy of periodically distributing bulletins of information to householders. These bulletins, according to Mayor William A. Kinney, director, are distributed by block wardens. "Besides getting important information to residents," explained Mayor Kinney, "the bulletins also give us a chance

to check the efficiency of our block warden system. So if you have not received a copy of this bulletin, make a proper protest."

Excerpts from the publication follow:  
**THE QUESTION OF COLOR SIGNALS**

There are three color signals to be used in air raid warnings.

(a) **YELLOW:** Attack likely. A warning to be given as a result of intelligence indicating hostile aircraft are enroute to attack the United States. Considered information only;

### Cage League Starts Soon At Playground

Boys and girls from Sierra Madre's three elementary schools may take part in a city-sponsored basketball league which will get under way next week.

The league competition, scheduled to extend over a three-week period, follows basketball instruction youngsters have been receiving at the City School playground this week.

Under the new after-school recreation program, students up to the 8th grade level meet Mondays, Wednesdays and Fridays from 3 to 5 p.m. for organized sports and instruction.

Norman Green, playground director, said it is hoped that both "A" and "B" leagues will be formed, with players being assigned to a league on the basis of their sizes and ages.

Some kind of awards will go to winning league teams and to outstanding individual athletes, Green said.

After the month of basketball, another sport—either softball or track—will be undertaken.

### Council Has Special Meet On City Wells

Troubles at the water grounds prompted a special meeting of the City Council Monday night.

Councilmen took steps to repair the starting equipment on Well No. 1 and investigate the condition of Well No. 2.

City Administrator R. Merritt Baker was authorized to obtain estimates on the cost of replacing the disconnecting switch and completely rewiring from the line through the starting equipment of Well No. 1. Mr. Baker was instructed to proceed with the work after examining the estimates. Total cost is not to exceed \$750.

Byron Jackson Company was retained to do the investigation work on Well No. 2. Councilmen expect welding will be required on a section of the well casing which has separated. The city hired Howard McCurdy to serve as consultant on the Well No. 2 job.

Mr. Baker said that the Byron Jackson firm started work on the No. 2 well yesterday.

### New Teenage Group Forms

A new teenage recreation group will meet Friday evenings at the city park, beginning tomorrow night, 7 to 10 p.m.

City Recreation Director John E. Oden has dubbed the youth activities "the Friday night drop in."

Teenagers will dance, play volleyball, tennis, ping pong and many types of table games, according to Playground Director Norman Green.

Members of Los Jovenes are invited to come Friday and help form the nucleus for the new group.

## Friendship Club Meets Next Monday

A combined St. Valentine's party and musical program is in store for Sierra Madre Community Friendship Club members when they meet next Monday, Feb. 4.

The meeting is being planned by the club's music group. Mrs. Alice Sedgman, publicity chairman, said all Friendship Clubbers and guests are asked to bring Valentines to the party.

Special music will be provided by Mrs. Celeste Bains, soprano soloist. A silver tea will follow the program.

The event will begin at 2:30 p.m. at the city parkhouse.

## KIWANIANS, WIVES WATCH KARLOFF DANCING TROUPE

Sierra Madre Kiwanians and their wives attended a "ladies' night" dinner Tuesday night at the Woman's Clubhouse, 270 W. Sierra Madre boulevard.

Featured entertainment of the evening were Ivan Karloff and his professional dancers and students. In charge of planning the event were Art Morse, Charles Klunk and Dr. Earl Gossard.

Tuesday noon's regular Kiwanis Club luncheon was cancelled.

## Local Citizens Hear Christian Science Talk

"All over the civilized world today men and women are turning to Christian Science," said Florence Middaugh, C.S.B., in her lecture at the City School auditorium Sunday.

They turn to Christian Science, Mrs. Middaugh continued, "because they find it answers their questions and solves problems that have baffled and restricted mankind for centuries."

Pointing out that there is no problem facing mankind today that is not possible of solution, the lecturer added "but in Christian Science problems are solved from the standpoint of spirit, not matter."

Mrs. Middaugh, who is a member of the Board of Lectureship of the Mother Church, the First Church of Christ, Scientist, in Boston, remarked that "today it is conceded by many thinking men and women that mankind's greatest need is a demonstrable religion—a guide to a satisfactory way of life."

"This guide," she said, "is made available through the teachings of Jesus of Nazareth and his healing ministry, revealed and elucidated in Christian Science, which has been given to the world by Mary Baker Eddy."

## ENTERTAIN GUEST

Mr. and Mrs. Howard Whalen, 686 Woodland Drive, have as their guest, Mr. Whalen's brother, Henry Whalen, who arrived last week from Michigan.

Don't smoke in forest areas.

## Depressions Eliminated in Sierra Madre

A positive cure for depressions was suggested today and proven by a man from this city. The gentleman in question, Mr. V. Keisel, pointed out that he had been overcoming depressions for years and there are many people who will attest to his methods.

The depressions that are referred to, of course, are those depressions you may find in your overstuffed furniture. The method of overcoming said depressions is through modern upholstery as done by the Drapery Shop at 31 N. Baldwin.

"If your overstuffed is under-stuffed and needs overstuffing by an overstuffer, call us over." Our stuff is—that is, our phone is CU. 5-1255. It's an ad.

Arthur Eldridge, Los Angeles Harbor general manager, holds Boeing Clipper model while Leon Munson, Pacific Transport manager, helps referee the "tall, tall yarns" spun by two masters at luncheon.

## COUNCIL LAUDS BAKER'S WORK

City Administrator R. Merritt Baker was commended by the City Council Tuesday night for the "whale of a job" he turned in as Rose Parade Float Committee chairman.

Mr. Baker thanked the councilmen, but quickly added that most of the praise should go to the float designer (Alfred James Dewey) and, many workers, and people who contributed money towards its success.

He reported to the councilmen that although the city authorized the expenditure of \$500 in labor and cash for the float, only \$352.31 actually was required from the city.

## Storm Workers Get Overtime

Tangible rewards were voted last week for city employees who worked extra long hours during the recent big storms.

Councilman Henry Korsmeier moved that employees who worked overtime as a result of the rains be given the choice of either getting overtime pay or taking the accumulated time off.

"A number of our employees worked as long as 16 hours at a stretch," Mr. Korsmeier pointed out, "That type of service certainly should be rewarded."

## T. V. SMITH IS FORUM SPEAKER

Dr. T. V. Smith will be Community Forum speaker this evening, Jan. 31, 7:45 o'clock, at Monrovia - Duarte High School auditorium.

Dr. Smith has been congressman-at-large from Illinois, director of education with the U.S. government in Italy, and has held professorships at Chicago University and the University of Syracuse, N. Y.

"The Basis for Optimism Today" is the subject chosen by Dr. Smith for his lecture tonight.

"If your overstuffed is under-stuffed and needs overstuffing by an overstuffer, call us over." Our stuff is—that is, our phone is CU. 5-1255. It's an ad.

## BETHANY PLANS BAPTISM RITES

A baptism service will be held in conjunction with the regular evangelistic meeting at Bethany Church Sunday evening, Feb. 3, at 7:30.

"The Text of All Texts" is the sermon topic chosen by the Rev. Don B. Rood, for this service.

The Rev. Mr. Rood also will be speaking at the monthly Communion service at the 11 a.m. worship hour. His subject will be: "Saints in Caesar's Household!" Sacred music will be presented by the church choir at both services.

## EDWARD GILLEN WINS PROMOTION

Edward Gillen of Sierra Madre has been promoted to the rank of captain in the U.S. Army, friends here learned recently.

Captain Gillen is doing photo interpretation work in Korea.

## HECKELS MOVE HERE

Formerly of Van Nuys, Mr. and Mrs. Fred Heckel, their daughter, Mrs. Speidel, and Mrs. Speidel's infant son, Carl, and 8-year-old daughter, Caroline, recently moved to Sierra Madre and are now residing at 697 Woodland Drive.

## County-Wide Storm Drains Issue Due

A Los Angeles County-wide storm drain bond issue proposal will be placed on the November ballot.

Estimated cost of the storm drain projects incorporated in the proposed measure is \$114,000,000.

Herbert C. Legg, supervisor from the First District, which includes Sierra Madre, issued a statement last week. It follows in part:

"The Los Angeles County Board of Supervisors now plan to place on the November ballot a bond issue providing sufficient funds for the construction of vitally necessary storm drain projects throughout the county. It was the lack of such adequate storm drain facilities that was chiefly responsible for the tragic loss of life and the millions of dollars in property damage suffered in last week's (Jan. 16) storm. . . . The protection of life and property from this continuing danger is most urgent and undeniably necessary. The bond issue should secure the support of every citizen in the county. . ."

## School Represented At SC Conference

Elliott Ellenson, fifth grade teacher, will represent Sierra Madre City School at the Mid-Year Conference on Good Teaching, to be held tomorrow and Saturday on the University of Southern California campus.

Superintendent Charles A. Skutt indicated that he also would be at the conference on a part-time basis. The meetings are being sponsored by the California Teachers' Association and the National Education Association, in conjunction with the State Department of Education.

## Infant Dies In Glendale

Graveside services were held Monday for Kristofer Thomas Anderson, infant son of Mr. and Mrs. Earle H. Anderson, 354 N. Lima, who died Thursday, Jan. 24, at a Glendale hospital.

The baby, who died as a result of a premature birth, is survived by a sister, Judith C., and brothers, Daniel H. and Richard C. Anderson.

Maternal grandparents are Mr. and Mrs. Henry E. Borreson of Sierra Madre; paternal

grandparents are Mr. and Mrs. O. C. Anderson of Duarte.

The Rev. Will South officiated at the funeral held at Live Oak Cemetery Monday. Grant Chapel was in charge of arrangements.

## Bethany Missionary Group To Meet Next Tuesday

The Bethany Missionary Society will meet next Tuesday, Feb. 5, at 10:30 a.m. Mr. and Mrs. Dean Blackwelder, Fuller Theological Seminary graduates, who at present are doing deputational work and who will soon leave for Brazil as missionaries under the Conservative Baptist Mission Board, will speak at 11 o'clock. At noon a covered dish luncheon will be served. Devotions at 1:20 will be led by Mrs. J. Kenneth Altig, of Peru, and at 2 o'clock Dr. J. Kenneth Altig of the Wycliff Bible Translations, will speak.

Dr. Altig has been a medical missionary for many years at a jungle base in the heart of Peru where hundreds of diseased natives are treated every month.

The natives are also given the Gospel from Genesis to Revelations in their own language, and now use thousands of Bibles. They had no written language until the Wycliff missionaries penetrated the Peruvian jungles.

## Louise Annas Knows Value Of 'March'

By MRS. CHARLES RIZZO  
161 N. Hermosa

During the month of January the Civic Club of this city has been sponsoring the March of Dimes Drive.

In the course of articles this month, appearing in our local newspaper, we have covered different phases of personalities and facts regarding people of this locality who have had direct contact with this disease POLIO.

In this week's article comes some very personal and appreciative statements from the parents of Louise Annas, who was stricken with polio on Nov. 8, 1948, in Sierra Madre. Louise was only 7 years old when she was taken ill. Polio left her completely paralyzed for a time. After her general physical condition cleared up her only affliction was apparently on her left side.

The parents, at the time of this attack were in no sense of the word, able to pay for any part of the expense. This is where the MARCH OF DIMES ably takes over the responsibilities. The parents had always contributed to this cause, therefore felt no qualms about accepting this assistance.

At this time, with the parents' consent, I would like the public to see what just an average case of POLIO's expense account would approximately look like:

10 days at General Hospital ..... \$ 170.00  
4½ months at Pasadena Hospital ..... 2442.00  
Treatments, Braces, Crutches, etc. .... 636.00

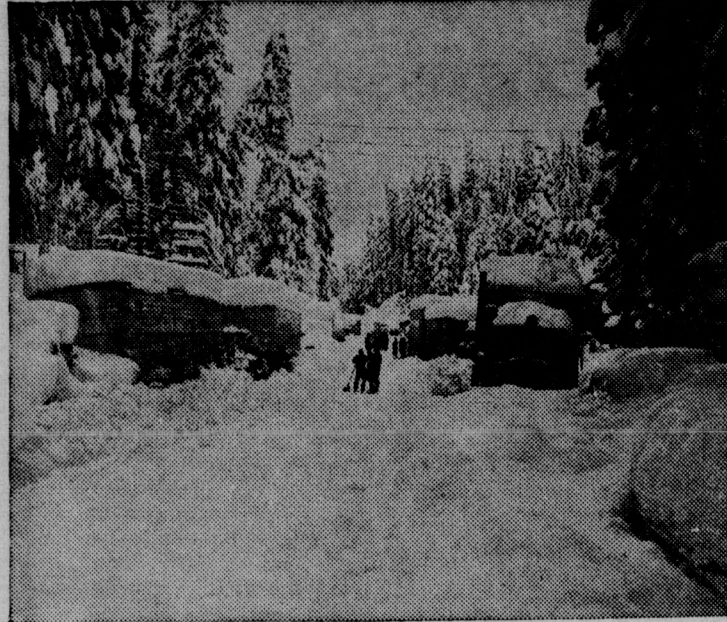

\$3248.00

It has now been six months since Louise has received any treatment. Thanks to the MARCH OF DIMES she is well enough to be able to take private dancing lessons. In her own words she can tell you how much she appreciates the work of the March of Dimes:

"GIVE to the MARCH OF THE DIMES because through them I CAN WALK AGAIN. I can go to school and I can take part in Girl Scout work. GIVE your dimes and your dollars, so that other children may be as happy as I am."

As you look at the expense of this case you can readily see why Louise and her parents are one hundred per cent for the MARCH OF DIMES.

So PLEASE respond to our MOTHERS DRIVE as they come to your house on our last appeal for this wonderful cause.

C.N.P.A. NEWS SERVICE

The 2-lane part of Highway 40 through the Sierras was termed a "dire threat to the defense of Northern California" by military and civilian defense authorities last week when snow completely clogged the narrow highway through the mountains. Above scene was taken at Baxter, Calif., during storm and shows highway transport completely immobilized. Military authorities called for a strategic highway through mountains to ammunition depots on East side while civilian defense pointed out that in case of a military engagement during winter months, evacuation of civilians would be almost impossible over narrow road.

## JURY FINDS From page one

stopping, however, he said his car swerved to the left—into the oncoming traffic.

As the only witness to the crash, Charlie Tatum, 1059 Cynthia, of the Coronet Homes Tract, testified Thursday that this, generally was how the accident occurred. He was driving approximately 600 feet behind Mr. Ceder's car.

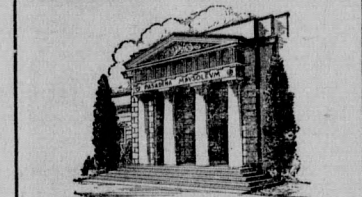

State Highway Patrolman Hudson, however, told the jurors and Deputy Coroner John Harrison that the only skid marks at the accident scene were left by the Hayward car—after the moment of impact.

Patrolman Hudson testified further that approximately an hour and a half after the accident he smelled "strong alcohol" on Mr. Ceder's breath, but couldn't test him for sobriety because of his head injury.

After the jury's verdict was announced by Foreman Thomas M. Schwartz, a recommendation was read into the record by Juror William D. Cahill.

The statement pointed out that traffic speeds have increased "because of lack of control" on Foothill boulevard.

## LETTER TO THE EDITOR

Editor, Sierra Madre NEWS:

May I heartily applaud Mr. Francis Eakman's suggestion that Sierra Madre honor Lee Shippey with something like a "Lee Shippey Day." According to Who's Who, his birthday is on February 26.

He has done a great deal to give the outside world a fine impression of Sierra Madre, has been a good citizen here for twenty-four years, and that fact that it was Pasadena, Altadena, La Canada, Montrose, La Crescenta and North Hollywood people who prevailed on him to run for Congress—including both Democrats and Republicans, I understand—is evidence of the high regard in which he is held in other cities. Sierra Madre has never before had a local man seeking election to Congress.

Why not have a town meeting at the School Auditorium on the 26th of February to hear what he has to say to his home town folks?

Sincerely,  
SAM PERLOF

## 'COME BACK, LITTLE SHEBA' HELD OVER

Scoring a resounding bull's-eye with Southland playgoers, is William Inge's adult drama, "Come Back, Little Sheba," and the hit playbill is being held over at Pasadena Playhouse an extra week, with the new closing date set for Sunday, Feb. 3.

The realistic slice of life served up by Playwright Inge copped Broadway laurels and a long national run, plus the Burns Mantle, "Ten Best Plays" rating.

Opening of "Old Acquaintance," John van Druten's comedy, is postponed until Feb. 7, because of the holdover.

## Council Hires Street Employees

Two additional men were hired last week as temporary employees in the city street department.

The men, Walter Herman and Max Sanchez, were hired for 30 days to help catch up with storm damage, patching, and preparing the streets for seal coating.

The employment of two other temporary workers in the street department was ratified Tuesday night. Their authorization to begin work had been voted at the last meeting of the City Council.

## RESIDENTS PRAISE CITY WATER CREWS

Praise of the city water department was contained in a letter received by the City Council last week from Mr. and Mrs. G. F. Williams, 1855 Oakview Lane.

The Williams, who live near the water spreading grounds, lauded the "continuous supervision" by Al Freeland and water department employees during the recent heavy storms.

Councilmen ordered a letter of acknowledgement sent to Mr. and Mrs. Williams.

**NOTICE TO BIDDERS**  
PUBLIC NOTICE IS HEREBY GIVEN that the undersigned hereby invites, and will receive, sealed bids or proposals up to 8:00 o'clock P.M. on Tuesday, the 12th day of February, 1952, at the Office of the City Clerk, City Hall, Sierra Madre, California, for the maintenance and operation of a street lighting system consisting of thirty (30) 6000 lumen lamps and one (1) 10000 lumen lamp, now installed on portions of Sierra Madre Boulevard, Kersting Court and Baldwin Avenue in the City of Sierra Madre, pursuant to the provisions of Resolution No. 1205 of the City Council of the City of Sierra Madre, adopted and approved January 22, 1952, providing for the formation of a lighting maintenance district therefor.

Information relating to the work to be done may be obtained in the Office of the Street Superintendent, City Hall, Sierra Madre, California. The bidder must examine and ascertain the nature, character and quantity of the work to be performed, and must assume all responsibility in connection therewith.

All bids or proposals must be placed in a sealed envelope, addressed on the outside "To the City Council of the City of Sierra Madre, proposal for the furnishing of maintenance and operation of street lighting system in Lighting Maintenance District No. 2".

The City reserves the right to reject any or all bids submitted.

Given by order of the City Council of the City of Sierra Madre this 31st day of January, 1952.

**ROCK SLIDES**  
**CLOSE MOUNT**  
**WILSON TRAIL**

A portion of Mount Wilson Trail has been closed pending repair of a "dangerous slide" area approximately a mile up the trail.

Only an earth shelf 18 inches wide remains at one point following rock slides caused by the storm two weeks ago. This "shelf," explained Chief Gordon G. McMillan, resembles a giant dirt clod that is adhering to the rock formation.

If the earth dropped off under the weight of a human, he would fall about 200 feet to the canyon bottom, the chief added ominously.

The city street department immediately placed barricades and warning signs near the slide area and these have now been replaced by ones furnished by the U.S. Forest Service.

When the trail can be repaired, however, is problematic. District Ranger Nelson said cost of the repairs would be greater than he has been allocated for maintenance of the trail.

He added, though, that he would see what could be done in spite of this, "since it is a dangerous situation."

**LOCAL SEARCH**  
**From page one**

ger Flats Ranger Station at 11:20 a.m. Sunday, after wisely spending the night in an improvised shelter.

A spokesman of the local Search and Rescue Crew said nine members worked all night combing the Rubio and Eaton Canyons and the Mount Lowe area. Seven other veteran mountaineers of the Sierra Madre crew reported for duty Sunday morning, but the search was called off when they "walked out" unharmed. "We didn't find them Saturday night, because they were out of the search area," the spokesman said. "No one thought they would hike along the top of the ridge toward Mount Wilson."

As has been the case since the local crew was formed last year, individual members asked not to have their names revealed.

By not releasing names, one man explained, people will not join in the hopes of getting publicity. "What we do is as a team," he emphasized.

The spokesman announced, though, that membership may be increased to 20 men, instead of the present 16. "That way," he said, "we can have five full groups of four men each."

And Ford's high-compression V-8, now 110 h.p., is the most powerful engine in the low-price field. Both are available with performance-proved Fordomatic Drive.

**Out-rides them all!**

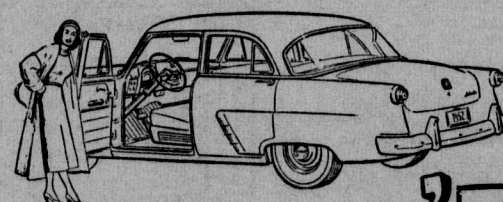

The '52 Ford gives you riding comfort such as you have never before experienced in a car in the low-price field. With front springs tailored to the weight of each model, longer rear springs and diagonally mounted shock absorbers, Ford's Automatic Ride Control gives you the smoothest, easiest ride of them all—a level ride on straightaways, an even keel on curves.

**Out-sizes them all!**

The '52 Ford has longer wheelbase, wider front tread and greater length. It's big outside and big inside, with spacious seating for six and the largest luggage locker of them all.

**Full-Circle Visibility!**

With narrower corner pillars, picture windows all around and a rear window that's 48% larger you have "all-direction" vision that adds to your enjoyment and your safety.

You can pay more but you can't buy newer or better!

**Exclusive Power Pilot Economy!**

Both the new Ford Mileage Maker Six and the Strato-Str V-8 have the exclusive Ford Automatic Power Pilot. This completely integrated carburetion-ignition-combustion system gives you high-compression "go" on "regular" gas.

**New Coachcraft Bodies!**

Ford's new Coachcraft Bodies are longer, stronger . . . distinctive in their modern beauty. They offer new full-tight construction which seals out dust, weather and noise. And Ford has more color and upholstery combinations than any other car in its field!

**Out-values them all!**

With such modern design and engineering features as new Flight-Style Control Panel, new Power-Pivot Clutch and Brake Pedals, new Center-Fill Fueling, and new counterbalanced hood and deck lid, Ford adds up to more dollars and cents value than any car in its price class!

Fordomatic Drive, Overdrive, white sidewall tires (if available), and two-tone colors on Customline Sedan optional at extra cost. Equipment, accessories and trim subject to change without notice.
